ACADEMY

WELCOME TO HARRY MORLEY ACADEMY

If you're passionate about building a successful future in skincare and want to be guided by experienced professionals, our expert-led education pathways are designed for you.

As a recognised VTCT-approved training provider, we deliver globally respected skincare qualifications across multiple levels, from entry-level foundations to advanced practice.

Our courses focus on real-world skills, in-depth knowledge, and confidence-building, giving you everything you need to grow a credible and rewarding career in the skin industry.

All VTCT qualifications are Ofqual regulated ensuring exceptional quality and industry relevance.

VTCT REGULATED QUALIFICATION

THE VALUE OF FORMAL SKIN EDUCATION

Holding regulated qualifications places you at the forefront of the skincare industry. As professional standards continue to rise, clinics and brands are becoming increasingly selective about who they work with. Having recognised certification opens doors to advanced treatments, professional product ranges, and long-term credibility within the industry.

Structured, regulated learning not only enhances your expertise but also positions you as a trusted practitioner in an ever-evolving field.

OUR PURPOSE

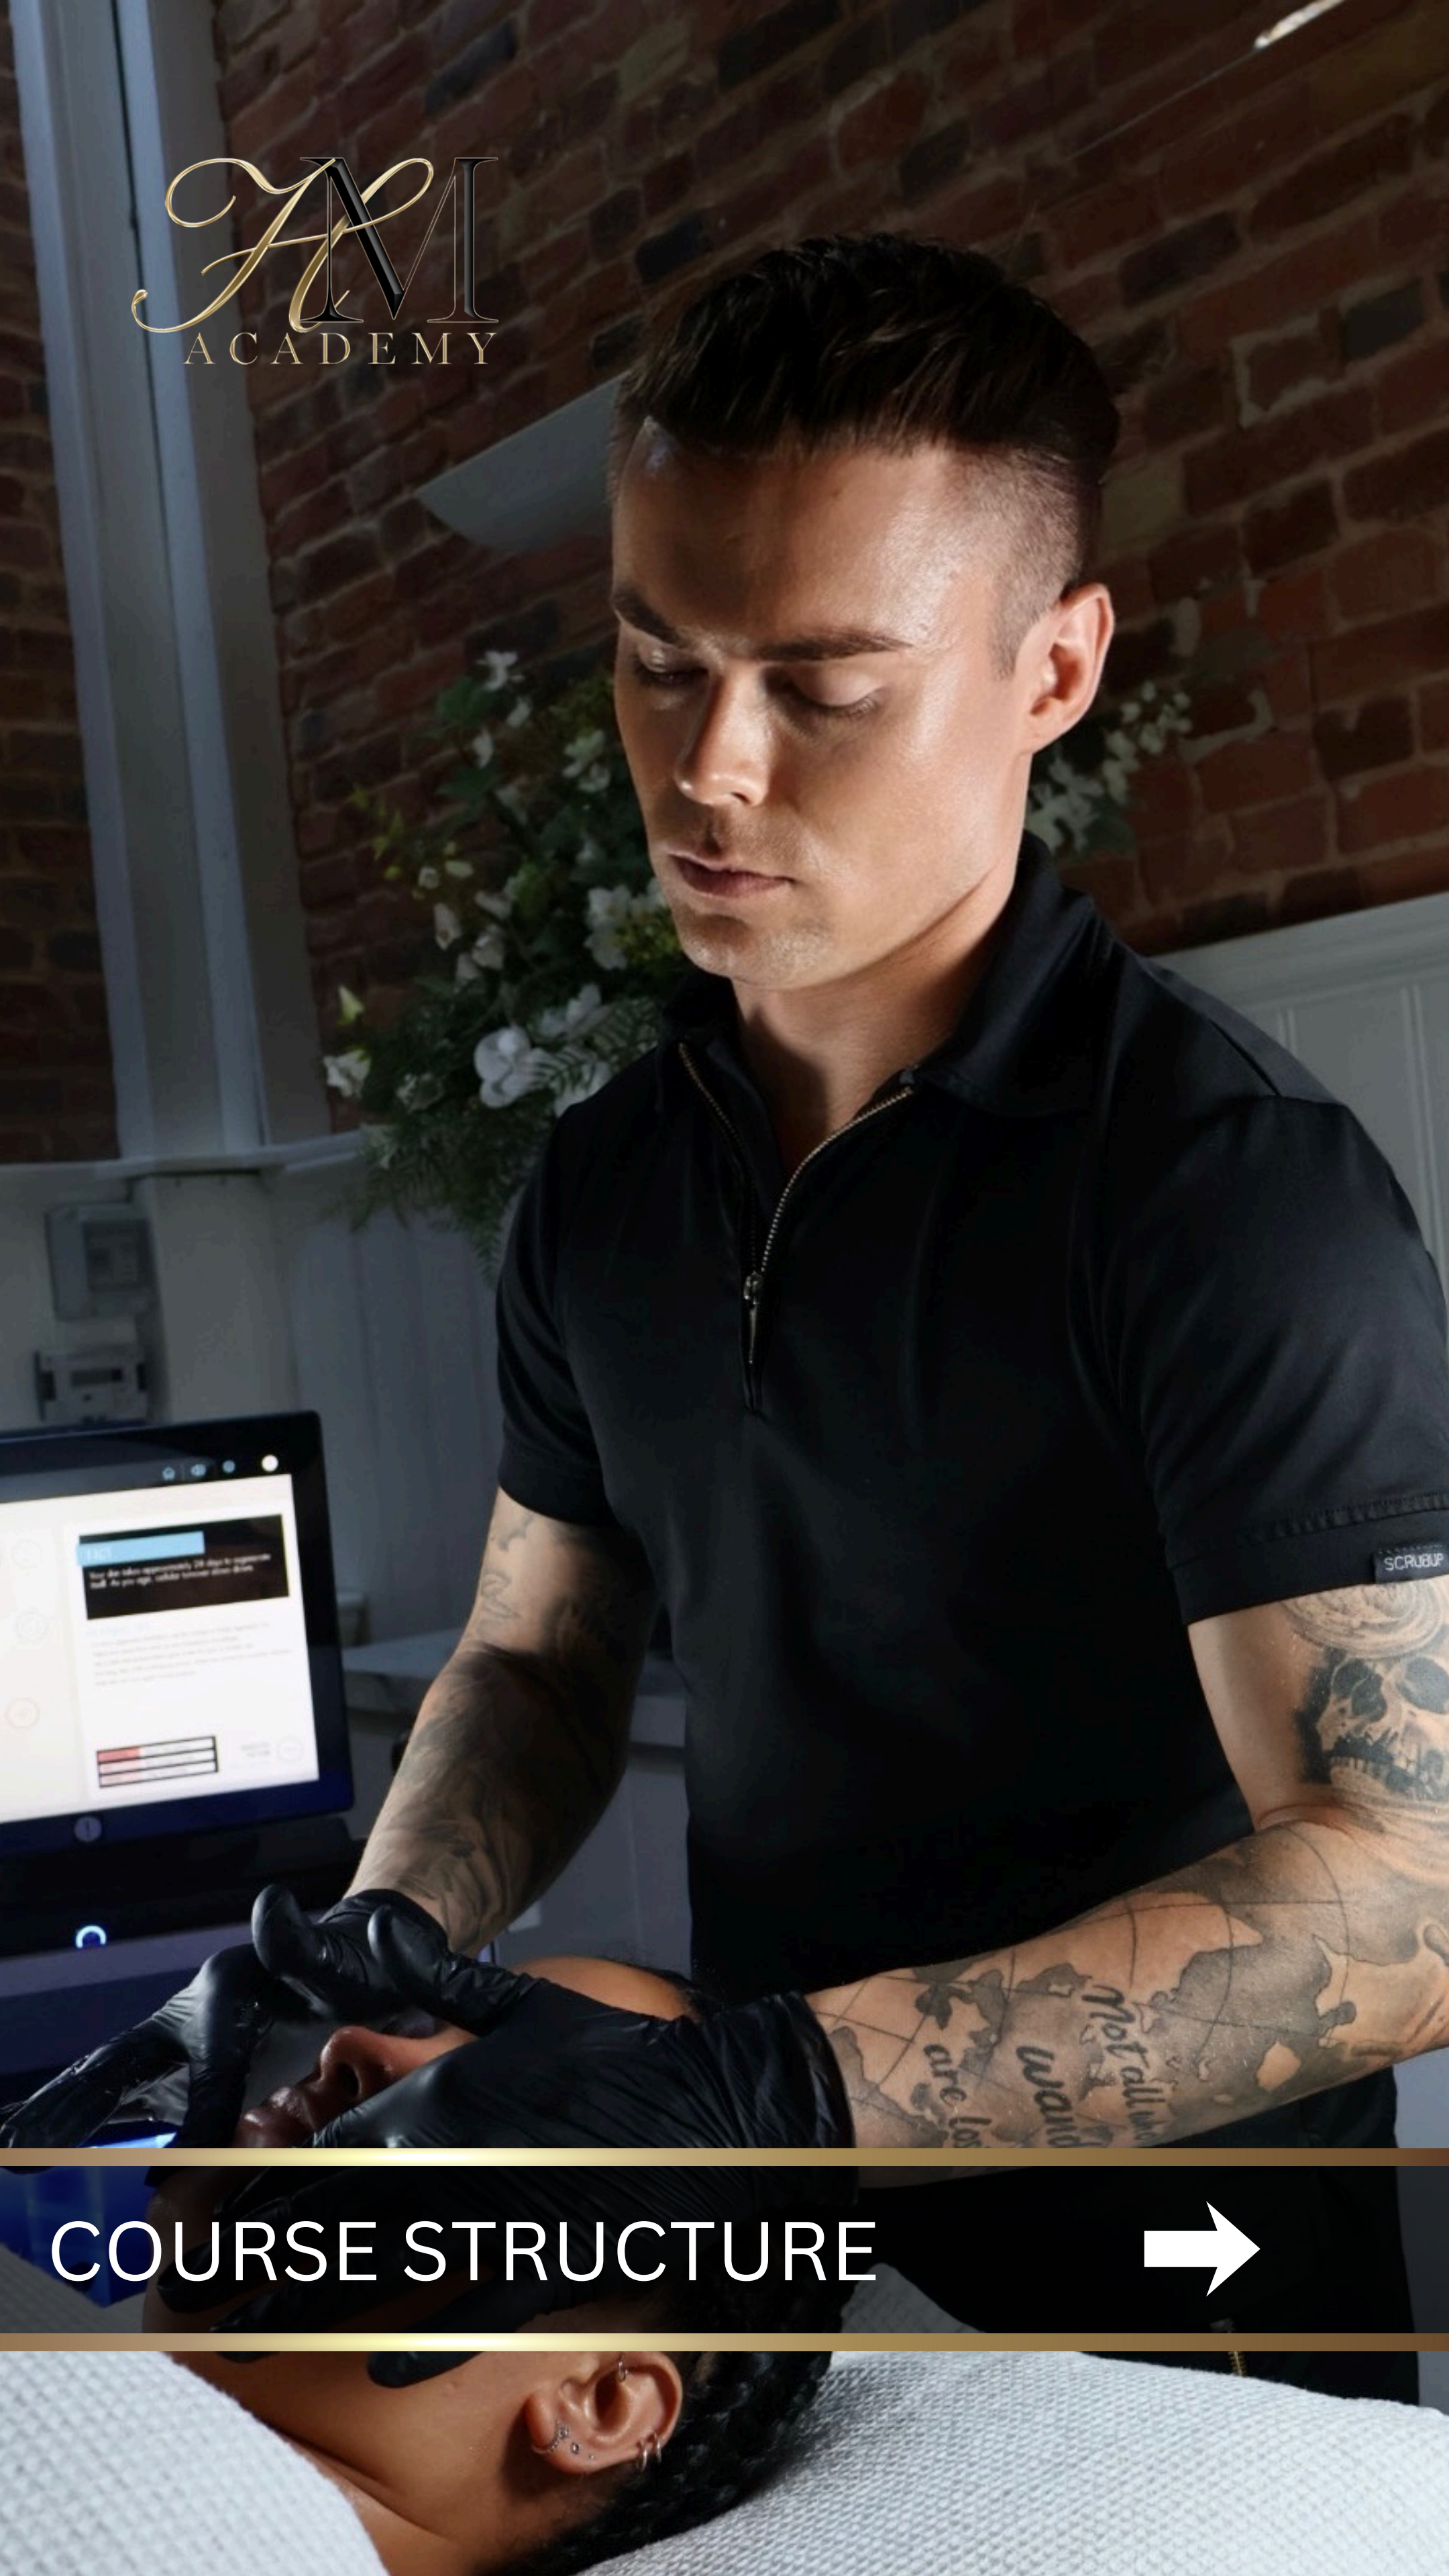

We are committed to shaping confident, highly skilled skin professionals who deliver exceptional results. By prioritising recognised education and best practice, we aim to raise the benchmark within the industry while supporting you in offering safe, effective, and professional treatments to every client.

Our qualifications are accepted by insurance providers globally, giving you freedom, flexibility, and peace of mind wherever your career may lead.

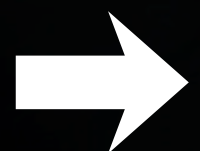

WHO CAN APPLY

You do not need previous qualifications to enrol on our Level 2 or Level 3 courses, including our combined programmes. Any course that requires prior experience or certification will clearly outline this before enrolment, ensuring full transparency from the start.

COURSE STRUCTURE

VTCT LEVEL 3 ANATOMY, PHYSIOLOGY AND PATHOLOGY

COURSE SUMMARY

This Level 3 Anatomy, Physiology and Pathology qualification provides an in-depth theoretical foundation essential for those aiming to progress into advanced roles within the aesthetics and skincare industry.

The course explores how the human body functions as a whole, with a strong focus on the skin, hair, and nails, including their structure, purpose, and common disorders. Learners will also gain a comprehensive understanding of the body's major systems, such as the skeletal and muscular framework, the nervous and hormonal systems, and the processes that support circulation, respiration, digestion, elimination, and reproduction.

This knowledge forms a vital base for safe, effective, and professional advanced treatment practice.

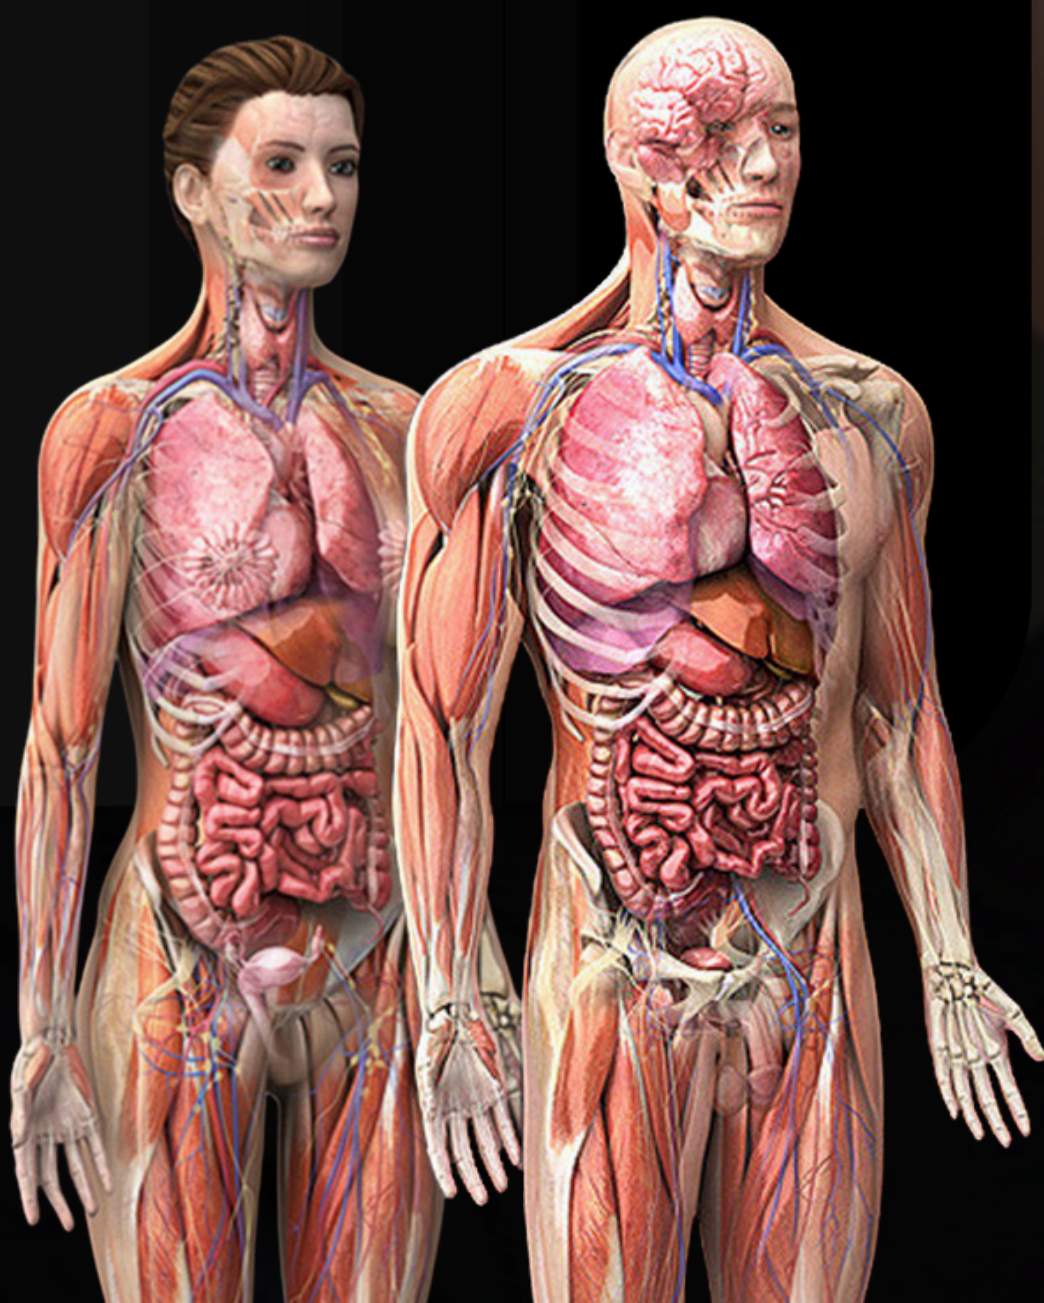

SECTION 1

Organisation of the body

SECTION 2

Anatomy, physiology and pathologies of:

- 1) The skin, hair and nails
- 2) The skeletal system
- 3) The muscular system
- 4) The nervous system
- 5) The endocrine system
- 6) The respiratory system
- 7) The cardiovascular system
- 8) The lymphatic system
- 9) The digestive system
- 10) The urinary system
- 11) The reproductive system

VTCT LEVEL 3 ANATOMY, PHYSIOLOGY AND PATHOLOGY

COURSE TIMEFRAME

Access to the course is granted for a full year from the date of enrollment, allowing you to study at a pace that suits your schedule. While flexible learning is encouraged, the program is designed to be completed no sooner than eight weeks to ensure thorough understanding of the content.

HOW THE COURSE IS DELIVERED

Learning takes place through a fully digital platform, giving you access to a wide range of interactive educational content. The program is divided into themed learning sections, supported by a short written portfolio to reinforce understanding.

Assessment is completed in person at the academy following the completion of all learning materials. You will be required to sit two knowledge-based examinations in a multiple-choice format. A minimum achievement score is needed to successfully complete the qualification, with the opportunity to retake assessments if required.

TOTAL: £500

INCLUSIVE OF VAT, EXAM FEES AND ALL OTHER COSTS.

LEVEL 3 VTCT ACCESS TO AESTHETICS

LEVEL 3 PATHWAY INTO AESTHETICS COURSE OUTLINE

This program is designed to blend self-paced digital study with an intensive three days in-clinic training experience. You'll gain in-depth theoretical understanding online, then apply that knowledge during supervised, hands-on sessions within a professional clinic setting—ensuring you graduate with both confidence and competence.

WHO SHOULD ENROL?

This qualification is suited to individuals starting from the very beginning who are committed to pursuing a career in skin and aesthetic treatments. It's ideal if you're new to the industry or seeking a recognised route to underpin your learning with structured education. The course equips you with core scientific principles, treatment knowledge, and practical techniques, enabling you to work safely, professionally, and effectively while delivering tailored client outcomes.

SKILLS & KNOWLEDGE YOU'LL DEVELOP

This programme delivers a carefully structured combination of foundational and advanced training, drawing from both Level 2 and Level 3 accredited standards. Throughout the course, you'll build a strong understanding of the principles that underpin safe and effective aesthetic practice.

AM
ACADEMY

LEVEL 3 VTCT ACCESS TO AESTHETICS

CORE STUDY AREAS INCLUDE:

- Advanced knowledge of the human body, including anatomy, physiology, and common skin-related conditions.
- Essential electrical theory relevant to aesthetic treatments.
- Workplace safety standards and professional compliance.
- Fundamental facial and skin treatment techniques
- Professional client communication, care, and consultation skills.

HANDS-ON TRAINING COVERS:

- Conducting thorough and safe client consultations
- Performing detailed skin assessments and creating bespoke treatment plans
- Professional cleansing methods, including skin preparation, warming, and extraction techniques
- Delivery of our exclusive Aesthetically You signature facial protocol
- A range of facial massage methods to enhance treatment outcomes
- Identifying contraindications and managing different skin conditions
- Providing effective aftercare guidance and tailored homecare advice
- An introduction to Decar product ranges and professional treatment protocols

Alongside theory, you'll be trained extensively in practical application, allowing you to confidently deliver treatments in a real-world setting.

LEVEL 3 VTCT ACCESS TO AESTHETICS

WHAT'S PART OF THE PROGRAMME

Your enrolment includes a complete learning experience designed to support you from your first lesson through to qualification and beyond. You'll benefit from a combination of interactive digital study and an intensive three day practical placement within a professional clinic environment.

You'll also train using premium, industry-standard devices to support your practical development and early client work. Continued guidance and professional support remain available even after you've completed the course, helping you take confident next steps in your career.

ACCREDITED QUALIFICATIONS & FUTURE OPPORTUNITIES

This course is delivered in line with recognised VTCT / ITEC standards and acts as a gateway into the aesthetics profession. Once qualified, learners are well positioned to advance onto higher-level training, including Level 4 qualifications and specialist treatment pathways. These progression routes allow you to expand your skill set, offer more advanced services, and access wider career opportunities within the aesthetics and skin industry.

FEE: £2500

(Inclusive of VAT, exam fees and all other costs).

LEVEL 3 VTCT ACCESS COURSE WITH CPD ADVANCED SKILLS

SIX ACADEMY DAYS AND ONLINE TRAINING PLATFORM

COURSE OVERVIEW

This program has been created to set a new benchmark in professional skin education. Combining an internationally recognised qualification with advanced professional development training, it delivers a well-rounded and career-ready learning journey.

Perfect for those new to the industry, no previous experience is required. The curriculum is carefully structured to take you from foundational principles through to advanced practical application, equipping you with the confidence and competence to work as a professional skin specialist.

Throughout the course, you will develop an in-depth understanding of skin anatomy and function, common skin conditions, professional skin analysis, client consultation, and treatment planning. You will also be trained in a range of in-demand treatments including extractions, chemical peels, skin needling, and dermaplaning.

Learning is heavily practice-focused, with extensive hands-on training, live model sessions, and in-academy demonstrations to ensure you graduate with real-world experience and industry-ready skills.

WHY ENROLL ON THIS PROGRAM?

Completing this training positions you at a professionally recognised standard that many practitioners struggle to reach later in their careers. You will graduate with accredited qualifications that open doors rather than create limitations.

Many courses rely solely on short-form CPD certification, which can restrict access to advanced skincare brands, insurance cover, and professional devices. This programme removes those barriers from the outset. By holding both foundational and advanced regulated qualifications, you enter the industry fully prepared to work with medical-grade products and technologies.

This pathway gives you credibility, confidence, and a clear advantage from day one—allowing you to progress seamlessly within the clinical skincare sector without the delays or obstacles others often face.

FUTURE DEVELOPMENT OPPORTUNITIES

The advanced techniques you certify in during this training are not the end of your journey. The professional credentials gained through your specialist treatment training can later be formally elevated into higher-level regulated qualifications.

When you are ready to progress, these skills can be converted into an advanced Level 4 pathway, allowing you to continue building your expertise and expand the scope of treatments you are qualified to deliver.

LEVEL 3 VTCT ACCESS COURSE WITH CPD ADVANCED SKILLS

SIX ACADEMY DAYS AND ONLINE TRAINING PLATFORM

PROGRAMME CONTENT

- Regulated training in professional facial treatments, including advanced cleansing techniques and manual extractions
- In-depth study of human anatomy, physiology, and common skin conditions at an advanced level
- Professional client assessments, comprehensive skin evaluations, and treatment planning
- Certified training in precision dermaplaning techniques
- Accredited instruction in microneedling procedures
- Certified education in advanced resurfacing and peel treatments
- Therapeutic face and body massage techniques
- Practical business insight, branding, and social media growth strategies
- Product knowledge and guidance on professional skincare ranges
- Continued access to expert advice and ongoing mentorship with no time limits

FEE: £4000

Inclusive of VAT, exam fees
and all other costs.

LEVEL 4 CERTIFICATE IN ADVANCED AESTHETIC THERAPIES

COURSE OVERVIEW

This advanced program is crafted for practitioners ready to move into a higher clinical skillset and refine their position within the aesthetics sector. The training focuses on mastery, confidence, and professional distinction, combining advanced treatment education with immersive practical learning.

You will develop a deep clinical understanding of results-driven skin procedures while working closely with experienced educators who guide you through real client scenarios. Alongside technical excellence, the course also supports your professional growth covering how to attract high-value clients, choose industry-leading devices and skincare ranges, and construct tailored treatment journeys that prioritise safety, efficacy, and long-term outcomes.

WHO SHOULD ENROLL?

This program is intended for professionals who already hold a Level 3 qualification in skin or beauty therapy. It is also ideally suited to practitioners who have progressed through our Level 3 Access to Aesthetics training and are ready to advance their clinical skill set.

WHAT THE PROGRAM COVERS

- Comprehensive digital learning supported by four intensive days of practical, in-clinic training
- Advanced Level 4 certification in professional skin peeling techniques
- Advanced Level 4 qualification in microneedling procedures

This course includes exclusive access to brands & account openings with Mesoaesthetics

LEVEL 4 CERTIFICATE IN ADVANCED AESTHETIC THERAPIES

To gain this qualification, learners are required to complete a set of compulsory modules designed to confirm professional competence at an advanced level. These modules ensure practitioners are able to work responsibly, uphold client safety, and meet recognised industry and regulatory expectations.

The programme integrates essential professional standards for advanced skin rejuvenation treatments, placing strong emphasis on safe practice, ethical decision-making, and high-level client care throughout.

CORE MODULES COVER:

- Professional standards, clinical protocols, and ethical responsibilities within advanced aesthetics
- Advanced client communication, assessment, and treatment planning skills
- Applied skin science and dermatological knowledge for advanced procedures
- Delivery of microneedling treatments for skin rejuvenation
- Application of superficial chemical peeling techniques for skin rejuvenation

FEE: £3000

Inclusive of VAT, exam fees
and all other costs.

VTCT LEVEL 4 DERMAPLANING

Designed for qualified aesthetic and beauty professionals, this Level 4 qualification is intended for practitioners aged 18 and over who already hold a Level 3 qualification and wish to expand their treatment portfolio. The programme has been developed in response to the increasing regulation of non-medical aesthetic treatments, ensuring learners meet current industry standards and best practice guidelines.

The qualification provides in-depth training in dermaplaning procedures, focusing on client safety, treatment efficacy, and professional practice. Learners will gain a comprehensive understanding of relevant legislation, health and safety requirements, consultation procedures, and treatment protocols. Emphasis is also placed on client communication, aftercare guidance, and homecare recommendations to support optimal treatment outcomes.

Upon completion, learners may choose to further enhance their expertise by progressing to additional Level 4 specialist qualifications, including:

- Skin Needling
- Chemical Skin Peeling
- Blemish Removal
- Radio Frequency
- Ultrasound

VTCT LEVEL 4 DERMAPLANING

ENTRY REQUIREMENTS

Learners must hold a recognised Level 3 Beauty Therapy qualification or an equivalent qualification that includes Anatomy and Physiology.

WHAT YOU WILL LEARN

Advanced Dermaplaning Techniques for Skin Rejuvenation, including:

- Professional blade handling and control
- Comprehensive skin analysis and client consultation
- Effective removal of dead skin cells and vellus hair
- Improving skin texture, tone, and radiance
- Enhancing post-treatment skincare product penetration
- Identification of contraindications and implementation of safety protocols
- Post-treatment aftercare and homecare advice

This qualification supports practitioners in delivering safe, results-driven dermaplaning treatments while maintaining the highest standards of professionalism within the aesthetic industry.

FEE: £2000
(Inclusive of VAT, exam fees and all other costs).

WHY TRAIN WITH US

- ✓ Industry-Led Expertise & Real-World Experience
- ✓ Training with Harry Morley Skin Clinic means learning from practitioners who work hands-on with real clients every day. Our courses are built on proven, in-clinic experience, not just theory, ensuring you gain practical, up-to-date skills that translate directly into confident, safe treatments.
- ✓ Small Group, High-Quality Training
- ✓ We prioritise quality over quantity. Our training is delivered in small groups to ensure personalised attention, detailed demonstrations, and ongoing support. This allows you to build confidence, refine technique, and ask questions in a professional, supportive environment.
- ✓ Support Beyond the Classroom
- ✓ Training doesn't end on the day. We provide continued guidance, advice, and industry insight to support your growth long after your course is complete. Whether you're building confidence, expanding your treatment menu, or growing your clinic, we're committed to helping you succeed.
